ELECTION FRAUDS CHARGED.

It has been many a day since this county was furnished such exciting scenes as have developed the past few days, which have grown out of the sheriff contest. Arrests have been numerous and habeas corpus proceedings have also been plentiful, while the number of persons out on bail bonds are sufficient to cause a person to wonder what it all means and where it will end. Warrants have been served on persons whom it is claimed have violated the purity of election laws, by the use of money in buying votes. It is said that confessions have been made before a notary which implicate some prominent persons in San Jose. Among those who have been arrested are Chief Carroll and policeman Navarez for resisting a deputy sheriff while attempting to make arrests. Bonds in sums running from five to twenty thousand dollars have been furnished. The cases come up for hearing next Monday and no doubt will keep the courts busy for some time, and at which many sensations are liable to be sprung. It would take a Philadelphia lawyer to unravel the tangle at this time, but we presume it will be done in due course of time, and until then it might be well to suspend judgment upon the merits of the case. It is a serious state of affairs and certain it is that one side or the other will come out of it ruined and with bad feeling existing, which may result in something serious occurring. We want the truth, and no doubt it will be forthcoming.

ASSEMBLYMAN SPALDING'S FEELINGS

Assemblyman Spalding of Sunnyvale threatens to resign his office in the midst of the session because of newspaper criticism. The assemblyman has the following interview in a recent issue of the Sacramento Union: "The press has accused me of every crime from petit larceny to highway robbery, and all because I did my duty as I saw it. In making my campaign for election my expenses amounted to over \$300, but I did not mind that, as I expected that the office would be regarded as an honorable one, but I now find that quite the reverse is the case. Abuse has been my only reward for neglecting my private business and I am forever done with politics when my present term of office expires."

Now we are sorry to see an apparently honest man like Mr. Spalding quit politics, for it is that kind of men that this county

Brighten Up

"Brighten Up" time is here—the time to clean up about the house, renovate, and make the old things look neat and clean again. We can help you in the work with our line of **SHERWIN-WILLIAMS PAINTS AND VARNISHES.**

It is really surprising what a little paint or varnish will do toward brightening up dingy surroundings. Take *The S-W. Family Paint*, for instance. This is a linseed oil paint specially prepared for home decorating and painting. With it any one can renew the appearance of a hundred little things that now look worn and old. It dries with a good gloss and will stand scrubbing with soap and water. Comes in 26 attractive shades.

The S-W. Floorlac is another splendid household brightener. It is a stain and varnish combined and can be used on old or new woods equally well. Imitates the natural woods and gives a most pleasing effect.

These offer a few hints for you. Come in and have a "Brighten Up" talk with us and learn more about how we can help you in your Fall cleaning. Our line has a paint or varnish for every purpose.

needs. Mr. Spalding being a new comer and possibly not knowing the odium attached to former legislatures which have indulged in junketing trips, he no doubt acted sincerely in this latest "junketing graft," thinking he was acting in interest of the State. It is also noted that the other two assemblymen—Dr. Higgins and Guy Smith—also got tarred with the same stick. It is also noted that Senators Walker and Black escaped being mixed up in the scandal.

WHY NOT OWN OUR TOWN LIGHTS?

The Los Gatos trustees have just awarded a three-year street lighting contract to the Los Gatos Ice and Power Company on the following terms for service until midnight: For the first year, arc lamps per month, \$6.75; for the second year, \$6.50; and for the third year, \$6.25; and incandescent lamps \$1 per month each.

The Palo Alto municipal plant furnishes light free for street lighting, for the lighting of the public library and schools and the city offices, and in addition, turns over several thousand dollars annually to the city above operating expenses.—*Palo Alto Times*.

Is there not something in the example set by Palo Alto which should set the people of the other towns of the county to thinking? As it is we are in the grip of a heartless gas and electric corporation.

Reports from Sacramento state that Senators Walker and Black have succeeded in passing through the legislature their two pet bills. Walker has obtained \$250,000 for rebuilding the State Normal School, while Black secured \$800,000 for rebuilding the Agnews Insane Asylum. Well done, gentleman.

Hayes Gets Fruit Pest Station.

Santa Clara county was practically assured of a sub-station for the study of fruit pests by entomologists connected with the Agricultural Department when this portion of the bill was reported in the House yesterday. Hayes moved that \$38,000 be added to the \$75,000

item providing for the entomological reserve. Kahn supported him, and after a debate of half an hour it was adopted. It is understood that the location for a temporary station has already been selected in the Santa Clara valley, but the exact site has not yet been made public.—*Palo Alto Tribune*.

The main speaker of the day will be Prof. Cathcart of Stanford.

Orchard City Grange Has Pleasant Time.

Orchard City Grange had a meeting of more than usual interest Tuesday night. A very large number of members were present, and three candidates were initiated into the third and fourth degrees.

Among the matters of special importance to fruit growers discussed none was of more vital interest than the cause of the scab on prunes, which was so prevalent the last two seasons. A committee which was appointed to investigate this, consisted of Messrs. Archibald, Keith and Bohnett. As a result of correspondence they learned that the cause is yet problematical. Prof. R. E. Smith of Berkeley is inclined to think thrips responsible. County Entomologist Morris thinks it more probably fungus. Acting on this assumption Mr. Morris and P. W. Keith are to spray with Bordeaux mixture (5-5-50) by way of experiment. Luther Bowers of Santa Clara attributes the cause to canker worms.

The harvest feast, which followed the business session, was a delightful spread. The committee having this in charge were Mr. and Mrs. Foster, Mr. and Mrs. Sawyer and Mr. and Mrs. Bohnett. The decorations were scores of red hearts as a reminder that St. Valentine's Day was at hand. Mrs. L. F. Shaw, C. H. Whitman, Joseph Bohnett, and Mrs. Whitney each responded to unique toasts in a happy vein.

The Farmers Telephone Co. Meeting.

The first annual meeting of the stockholders of the Campbell Farmers Mutual Telephone Co. was held on Monday evening. The meeting was a most important one and the banquet which followed was a splendid affair. We are compelled to leave until next week an adequate account of the meeting and banquet.

Harry Fore has a permanent position as mail clerk with the Southern Pacific, his run being between California and Nevada. His friends here extend congratulations.

Miss F. H. Braun is substituting in fifth and sixth grades at the school.

S. Campbell of San Francisco visited his uncle, B. Campbell, recently.

Two School Bills.

Senator Caminetti, the veteran legislator from Amador county, has introduced two school bills of importance. One provides a post-graduate course of two years for high schools, approximating the studies of the first two years of university courses. Senator Caminetti's position is that we should afford to people through the state, at their own homes, the best opportunities possible for the education of their children.—*Palo Alto Times*.

Leading Santa Clara Senators Happy.

The real happy senators today were Walker and Black of Santa Clara. They make a strong team and get the plums individually. Walker has managed to get his bill appropriating \$350,000 for the reconstruction of the San Jose Normal School out of the committee intact and backed by a unanimous report, probably exceeding his own expectations and those of his constituents by about half of the amount carried by the bill. Black is wrapped up in the success

of Stanford University and he today got the revenue and taxation committee to indorse his bill that will permit the university to charge tuition fees without forfeiting its tax exemption.—*Examiner*.

Mrs. Wm. Shelly has been visiting for several weeks with Mrs. Wm. Moore at Pacific Grove.

J. J. Cornell is wearing his arm in a sling, as a result of a kick from his horse.

On account of an extra amount of advertising this week and an accident several important local items are delayed to the next issue which will appear next Friday morning.

A Kansas editor has noticed that any time you see a man finding fault with a local paper, the chances are ten to one that he hasn't any advertisement in it; five to one he never gave it a job of work; three to one he never did take the paper; two to one that if he is a subscriber he is a delinquent; that if he never does assist the publisher to run a good paper and forty to one he is the most eager to see the paper when it comes out.—*Santa Clara Journal*.
